#### THE RESORT...

I have used VIP for nearly two years and as I travel extensively abroad I need a reliable and trustworthy home for my dog Eddie. Without doubt VIP are the best kennels that I have sent Eddie to. When I take Eddie there I can leave him knowing full well that he is in the best hands possible with Lucy and the rest of the staff.

Our two Yorkshire Terriers, Chico and Pepa have boarded at Vip Pets on many occasions during the past 18 months, most recently being in September.. For us, knowing that our dogs will not only be well looked after but are also happy, is very important. At Vip Pets, the staff and facilities are excellent and having their own vet on hand, gives us even greater peace of mind. Chico and Pepa clearly like the staff and enjoy their stays so much, that they literally drag us through the door on arrival!

We highly recommend Vip Pets to anyone who wants to be assured that their pets will be happy and well cared for during their absence.

My dog Stanley a Boxer has been going to VIP PETS for a number of years. The kennels are comfortable and spotless, and the staff are warm and friendly.

It's hard to leave your pet behind when you go away, but at VIP PET you can be assured that they are being really well looked after and that the staff will make their stay a happy and fun time. I know my dog and it always enjoys his stay at VIP PET.

Hola Sandra,

I am very happy to report that Tara and Rio arrived even early on Friday 10 July and did just fine!!! We were so happy to see them!!!! I cried! I am just so very thankful to you and VIP Pets for helping me when I was in desperate need. I really do not know what else we would have done if you had not helped me. I cannot thank you enough. I have told ALL of my friends in Spain that have pets to use only VIP Pets so I hope more business comes your way because of it!

Thanks to you, we are all here safe and sound together!!!

May God bless you every day for what you do for the animals and their people.

Sincerely,  
**Alison, Jon, Joshua, Sydney, Tara and Rio Junkin**

#### BOUTIQUE

We bought our Gustave a Yorkshire Terrier puppy from the Boutique. Paul and Becky where so helpful and it was obvious Paul had grown up with dogs. He asked us questions about our home, commitment and lifestyle to make sure we had the right puppy for us and the correct home for the puppy. We were really impressed and went home with Gustave. Our vet was also impressed that Gustave was inoculated, wormed and came with a health certificate. Well Done Paul and Becky!

Love **Anna Marie Warolus and of course Gustave XX**

#### GROOMING

What can I say? Montse is the best!! My dog was so nervous at the grooming parlour, so much so, that the last groomer had to sedate her. It always took her so long to get over the visit, very traumatic for us both. Since using Montse at the Resort, the difference is dramatic, she really is a changed dog. Thank you Monste and VIP Pets.

**Carol and Harriet (Yorkshire Terrier)**

We have been using the grooming services at VIP Pets for the last few years and Montse, the groomer, always provided the best service in cutting and bathing our dog Puppy. Also, every time we leave our dog in the resort, we have peace of mind that she will be in the best hands possible
